CONTROL ZONE

Seasons Greetings, Boomers!

The countdown to Christmas starts here! I'm all dressed up and ready to party on down. The humes-who-think-they're-in-charge will turn green with envy when they see me jiggle to Jingle Bells - that's if they're not whooping it up already!

Yule have plenty of festive-filled pages to keep you entertained during this holly-day period. Not only is there Knuckle-dusting action in **The Homecoming**, but the Chaotix crew come face-to-face with **Sonic**. 'Tis the season of goodwill as the **Cybernik** lets Robotnik off the hook ... this time! Meanwhile, those mad **Decap Attack-ers** are guaranteed to drive you crackers!

Hoping to have Sega goodies in your stocking this Crimbo? Take my advice, butter-up those adult-humes and get them to enter *STC*'s **Coronation Street Compo**! Plus, there's more to the **Asteron Badnik Star Pin-up** than meets the mince pies (eyes) see below ...

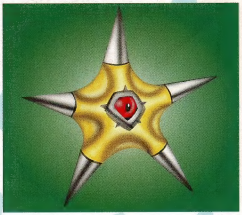
As '95 draws to a close, see the New Year in with *STC* 68 in the company of your fave Sega superstars. Bigger and better things await in '96, so watch out!

HAVE A MERRY SEGA CHRISTMAS!

Megadroid & THE *STC* HUMES

BADNIK TURNED GOODNIK!

Put this issue's Asteron Badnik to good use right now! Not only does it make a sparkling seasonal Pin-up but it can also spruce up your droopy-looking Christmas tree no end. With an adult-humes help at hand, here's how ...



1) Cut out the star-shaped Asteron.

2) Glue onto a piece of thin card.

3) Cut round outline of the shape.

4) Using a piece of string/wire, attach the Asteron to your Crimbo tree.

5) Post a 24-hour guard round the tree - you know how dangerous these Badniks are!

STC's D.I.Y. decorations, it's easy when you know how!

WATERWORLD

PRE-RELEASE VERSION

Reviewed by Neil Bryant.

MD MEGA DRIVE

GAME TYPE: ACTION ADVENTURE
PLAYERS: 1

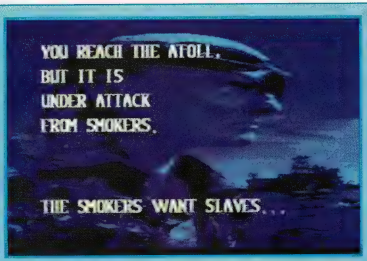
PUBLISHER: OCEAN
PRICE: £44.99

In true swashbuckling tradition, there are baddies to contend with; in this case a rotter called Deacon and his evil henchmen, the Smokers.

Waterworld consists of three levels of difficulty with play ranging from 3-D isometric shoot

Emerging from the depths of Ocean software's new releases comes **Waterworld**. Based on the blockbuster movie, the game version is set in the future when the Earth's ice caps have melted, leaving the planet's surface swamped underwater. Survivors make do by living on floating island villages called Atolls.

Your task is to guide the central character, known as Mariner, through various Atolls in search of a little girl called Enola, who holds the key to finding dry land.



'em-up action and underwater platform adventure to head-to-head combat. Skilful steering also comes in handy when navigating Mariners sailing vessel (the Trimaran) through the choppy seas of Waterworld.

Since the name of the game is survival of the fittest, the more enemies you wipe out the more points you amass, which can then be traded in for ammo supplies. By rescuing slaves along the way, your generosity is awarded with a map which points to the direction of the next Atoll to be explored.

Although there are some great 3-D graphics, it's a struggle to see exactly what you are firing at, despite the tracking device which appears at the bottom of the screen. The sound effects use standard digitised gunfire/explosion noises, while the menu selection/options are pretty much par for the course.

As with so many 'movie spin-off' games, **Waterworld** falls short of expectations but has enough entertainment value to keep it afloat.

Elizabeth Hartzell, Gravesend, Kent.
Sonic Stationery Winner.

I think you've gone a bit dizzy, Lizzy!

GLAD TIDINGS

Dear *STC*,

My friend and I have had an argument concerning the Sega Saturn and the Sony Playstation. We know the Playstation is cheapest, but which is the best?

Chris Hawkes, Hornchurch, Essex.
Sonic Stationery Winner.

Here's the lowdown, Chris ... Sega have now slashed the price of the Saturn alone to £299 (same as the Playstation). However, unlike the Playstation the Saturn can also be purchased with games as a complete package for the old price of £399. Rumour has it that you'll also be able to surf the Internet and watch movies using a Saturn system ... stay tuned!

GOODWILL GESTURE

Dear *STC*,

I went to the comic convention on October 1st. Apart from having my copy of *STC* 1 signed by all the artists and writers I also got six drawings plus two signed scripts. I owe a big thank you to everyone!
